

ANNUAL PAY STATEMENT OF BEDFORDSHIRE FIRE AND RESCUE SERVICE

1. Introduction and Purpose

This is the Pay Statement of Bedfordshire Fire and Rescue Service covering the period April 2025 to March 2026.

This Pay Statement (the 'statement') sets out Bedfordshire Fire and Rescue Service's (the Service) approach to pay policy in accordance with the requirements of Section 38 of the Localism Act 2011.

This pay statement has been approved by Bedfordshire Fire and Rescue Authority and is effective from 1 April 2025. It will be reviewed annually and in accordance with new or proposed legislation to ensure that it remains relevant and effective.

2. Accountability and Decision Making

Decision making in relation to the recruitment, pay, terms and conditions and severance arrangements in relation to employees of the Service is determined by the Fire Authority who have delegated some powers to the Chief Fire Officer through a scheme of delegation.

3. Responsibility and Scale

The Service is directly responsible for a budget of £39.8m and for the employment of 592 staff.

4. The Service Pay Strategy

In determining the pay and remuneration of its employees the Service will comply with all relevant employment legislation this includes the Equality Act 2010, the Part Time Employment (Prevention of Less Favourable Treatment) Regulations 2000 and The Agency Workers Regulations 2010.

The Service takes the following approach to determining overall pay levels.

4.1 Firefighting Roles - Salary and Remuneration

This relates to the following roles within Bedfordshire Fire and Rescue Service:

Firefighter, Crew Manager, Watch Manager, Station Manager, Group Manager and Area Manager, regardless of duty system (e.g. wholetime, day duty, retained or flexible duty) and Control specific roles. The pay structure for employees conditioned to the Scheme of Conditions of Service for Local Authority Fire and Rescue Services (Grey Book) provides a three point pay structure at Firefighter level and a two point pay structure for all other roles. Rates of pay are based on defined stages of development such as training, development and competent pay levels. After all the applicable functions have been assessed as having been achieved, and a quality assured process is in place, competence is deemed to have been demonstrated and competent salary rate applied.

Pay awards applied to the salary scales are as agreed through the national joint council and notified to Authorities.

4.2 Support Roles - Salary and Remuneration

Salary and remuneration levels for support staff roles are determined in accordance with the National Joint Council for Local Government Services (NJC) National Agreement on Pay and Conditions of Service (Green Book).

The pay structure is aligned to the National spinal column point system. In 2005 Bedfordshire Fire and Rescue Service applied the Korn Ferry (formerly Hay) analytical job evaluation process that systematically ranked each job objectively and fairly. This evaluation system is a recognised best practice non-discriminatory method of ranking jobs against a pre-determined scale. The system is used in over ninety countries and within the public and private sector. In 2018 Korn Ferry were commissioned to quality assure the job evaluation scheme and reviewed the ranking of all Green Book roles against the pre-determined scale to ensure the job evaluation scheme was being applied correctly.

Spinal column points are configured into groups to provide incremental pay points. The incremental rises occur on 1 April, subject to National pay bargaining. Starting salary may be uplifted along the incremental structure if experience and knowledge warrant this approach.

In 2019 Green Book employers were required to implement a new National pay spine, which entirely replaced the existing pay spine. The Service assimilated employees from their existing spinal column point to their new spinal column point on 1 April 2019. For some time, the Service has experienced recruitment difficulties in certain Green Book posts, this has primarily been 'professional' posts in areas like HR, Finance and Property and there were concerns at Corporate Management Team level that

salaries were no longer competitive in the local labour market. Therefore, as part of the assimilation exercise the Service took the opportunity to compare the pay line to other organisations that also use the Korn Ferry Job Evaluation Scheme, by undertaking a salary benchmarking exercise. This resulted in the application of the 2% NJC pay award to employees at Grade 12 and below, whilst Grades 13-17 were aligned to the 60th percentile of the Industrial and Service Sector.

4.3 Chief Fire Officer and Principal Officer - Salary and Remuneration

The National Joint Council (NJC) for Brigade Managers of Local Authority Fire and Rescue Authorities will publish annually recommended minimum levels of salary applicable to Chief Fire Officers/Chief Executives employed by local authority fire and rescue authorities. The Fire Authority recognises that there is a two-track approach for determining levels of pay for Chief Fire Officer/Chief Executives and Director roles.

- i. At national level, the NJC shall review annually the level of pay increase applicable to all those covered by the Gold Book. Any increase agreed by the NJC will be communicated to fire authorities by circular.
- ii. Pay increases will be considered for local negotiation on an annual basis. All decisions about the level of pay and remuneration to be awarded to individual Chief Fire Officer and Principal Officer roles will be taken by the Fire Authority paying due regard to the information circulated by the NJC.

Details of senior salaries is published on the Transparency pages of our website and can be accessed on the internet at [Salary Details as at 31.03.2024 \(bedsfire.gov.uk\)](#)

Alternatively, at page 62 of the Annual Statement of Accounts [Pre-Audited Statement of Accounts 2023-24 \(bedsfire.gov.uk\)](#)

5. All Roles - Allowances, Expenses, Bonuses and Performance Related Pay

The Chief Fire Officer and Principal Officers are employees of Bedfordshire Fire and Rescue Service and are not self-employed. The Fire Authority (the Authority) will not award bonuses or Performance Related Pay (PRP) additional to base salary, as the Authority expects excellent performance of its Principal Officers at all times in line with the Authorities objectives. Individual performance will be reviewed via the performance management framework.

When legitimately incurred in the performance of their duties all employees are able to claim a restricted range of legitimate expenses. These are reimbursed in accordance with the relevant terms and conditions specified in the Gold, Grey or Green Book. All expenses have the usual audit requirements with the requirement to produce receipts, authorisation of all

expenditure and the requirement to retain records. Eligible Operational officers can utilise pool cars to undertake their operational duties and responsibilities or can access the car leasing scheme. Use of a pool car for non-official purposes will require reimbursement to the Service.

A range of allowances are payable subject to employees meeting relevant criteria. These include:

- Shift allowances for Green Book employees working unsocial hours;
- Flexible Duty System supplement for fire officers conditioned to the flexible duty system;
- Overtime allowances for employees required to work additional hours;
- Continuous Professional Development (CPD) payments for Grey Book employees who meet the qualifying criteria and are able to demonstrate and provide evidence of continuous professional development in four key areas prescribed by the NJC;
- Car allowances: Essential user car allowance, Enhanced car allowance or (for officers on the flexible duty system or strategic operational commander rota) access to a lease car scheme for employees required to use their own vehicle on official business;
- Honoraria payments to recognise employees acting up to a higher role, special projects involving work outside the job role and outstanding contribution;
- Additional Responsibility Allowance to reward additional skills and responsibilities outside of the requirements of Grey Book job roles;
- Acting up and temporary promotion allowances for employees performing the duties of a higher role.
- Mileage, travel expenses, subsistence and other expenses (e.g. Professional expenses) reimbursed when appropriate and in accordance with service procedure on expenses.
- Additional Holiday Payment for employees working overtime or additional hours paid on a monthly basis when eligible.

(Strategic Operational Commanders, Area Manager B) are paid an Additional Responsibility Allowance. This is to reflect the additional responsibility they undertake in the performance of Service operational command cover and for working a locally agreed rota that provides the Service with additional managerial hours.

6. Severance Arrangements

Provision for severance arrangements exist in the Local Government Pension Scheme applicable to Green Book and Control employees. The Fire Authority has previously agreed policy in relation to The Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006. Regulation 7 states that employing authorities must formulate, publish and keep under review discretionary powers that they apply in the exercise of their discretionary powers under regulations 5 and 6. They provide the discretions that local authorities can use in awarding compensation to employees whose employment is terminated early as the result of redundancy, early retirement on the grounds of efficiency.

There is currently no provision for enhanced redundancy payments in the Firefighters Pension Scheme.

7. Pension Schemes

The Service operates pension schemes for Grey Book employees (Firefighters' Pension Scheme) and Green Book employees (Local Government Pension Scheme). New employees are automatically enrolled into the relevant occupational pension scheme as defined by their terms and conditions of employment on appointment and qualifying employees are automatically re-enrolled during their employment.

Employer contribution rates for each scheme are set by Actuaries and subject to regular review. As of 1 April 2024 the employer contribution rates are 37.30% for 1992 Fire Fighters Pension Scheme, 27.4% for the 2006 New Fire Fighters Pension Scheme, 37.6% for the Firefighters Pension Scheme 2015, 37.30% for the Retained Modified Pension Scheme and 20.6% for the Local Government Pension Scheme. Employee contribution rates are defined by statute and vary across the different pension schemes. Current employee contribution rates as at 1 April 2024 for the 1992 Firefighters pension scheme range from 11% –17%, contribution rates for the 2006 New Firefighter Pension Scheme are 8.5% - 12.5%, Firefighters Pension Scheme 2015 contribution rates range from 10.5% - 14.5%, contribution rates for the Retained Modified Pension Scheme are between 11% - 17%. The employee contribution rates for the Local Government Pension Scheme are presently 5.5% to 12.5%.

8. Abatement and Re-engagement

The Service will consider re-employment of retired employees in accordance with the relevant pension scheme orders and governance arrangements. There is no automatic right to be re-employed; the decision will be strictly based on organisational needs and will usually follow an advertising and selection process. Bedfordshire Fire and Rescue Service apply re-

engagement and abatement rules for Grey Book employees in line with the requirements of the relevant pension scheme and in line with all Government guidance.

Abatement and re-engagement is a provision within the Firefighters' Pension Schemes that enables a retired member of the pension scheme to be re-employed. This means that the pensioner receives their commutation (lump sum) upon retirement. Pensioners who are re-engaged following their retirement are subject to the Abatement Rules under the terms of the relevant pension scheme. This requires that the current pension plus current pay cannot be more than pay on retirement, so any excess is abated (reduced). In 2019 the Fire and Rescue Authority determined that the Service will not reappoint Principal Officers after retirement to their previous, or a similar, post save for in exceptional circumstances when such a decision is necessary in the interests of public safety. Any such appointment must be transparent, justifiable and time limited.

9. Low Pay Definition

The lowest paid employees of the Service are employed on full time (37 hours) equivalent salaries in accordance with the minimum scale point in use within the Service grading structure. As at 1 April 2024, this is Grade 6, spinal column point 5 £12.85 per hour, £24,790 per annum. The Service believe that this is the most easily understood definition of low pay as it is the lowest pay grade routinely used for substantive roles.

10. Pay Multiples

The Service uses an established process to determine job size and salary levels. This process determines the relationship between the rate of pay for the lowest paid employee and the highest paid Chief Officer, described as a pay multiple.

It is a requirement of the Localism Act that the current pay multiple to be applied for this annual pay policy statement must use data from the preceding year, therefore data from 1 April 2023 to 31 March 2024. The pay multiple between the lowest paid employee and the current highest paid Chief Officer (current Chief Fire Officer) is 1:7.56. This ratio can be measured as being lower than the public sector averages of 8:1 to 12:1 identified by Lord Hutton in March 2011.

BFRS pay multiple for the lowest earner has been calculated using all taxable earnings for the given year, including base salary, allowances, overtime and the cash value of any benefits-in-kind; pro-rated to a full time equivalent, compared to the unabated Chief Fire Officer full time equivalent.

11. Part-Time Employees

The salary and remuneration of part-time employees is the same as those of full-time employees (pro-rata where appropriate) unless otherwise stated.

12. Code of Recommended Practice for Local Authorities on Data Transparency

Bedfordshire Fire and Rescue Service is committed to the three principles enshrined in the Code:

- Responding to public demand;
- Releasing data in open formats available for re-use; and
- Releasing data in a timely way.

Data on senior salaries is published in the annual statement of accounts and the most recently produced can be accessed on the internet at page 60 of the Annual Statement of Accounts [Pre-Audited Statement of Accounts 2023-24 \(bedsfire.gov.uk\)](https://www.bedsfire.gov.uk/Pre-Audited-Statement-of-Accounts-2023-24)

The approved Pay Policy Statement will also be available from [Information we Publish | Bedfordshire Fire and Rescue Service \(bedsfire.gov.uk\)](https://www.bedsfire.gov.uk/Information-we-Publish-Bedfordshire-Fire-and-Rescue-Service) as well as the intranet site. In addition a range of information relating to Bedfordshire Fire and Rescue Services responsibilities under the local Government Transparency Code can be found on [Information we Publish | Bedfordshire Fire and Rescue Service \(bedsfire.gov.uk\)](https://www.bedsfire.gov.uk/Information-we-Publish-Bedfordshire-Fire-and-Rescue-Service)
